# ANTALYA

Antalya, also known as the Turkish Riviera is a beautiful historical city and is located on the Mediterranean coast and surrounded by the exquisite Taurus Mountains with a population of 2,200,000 people. Antalya is the tourism capital of Turkey and for good reason, with 300 days of sunshine each year it is the perfect place to relax, unwind and enjoy the historic sights of the city. Antalya boasts many facilities and sights that grab the attention of tourists every day, with a coastline of over 600 km long there is more than 1000 of the highest quality hotels available for guests to stay.

Training camps are essential for team building amongst players; we believe this is also important off the field and that doing enjoyable activities with your team mates will help build strong relationships. Antalya offers a wide variety of facilities and activities from shopping for bargains or souvenirs, go-carting with your team mates, visiting some of Antalya's most impressive attractions like Tahtali Mountain cable car or dancing the night away in one of the city's hotspots.

Antalya was recently polled the 3rd most visited city by tourists in the world after Paris and London and hosts an estimated 2000 sports clubs per year.

# TESTIMONIALS

Last year we were with 4 teams at a training camp in Antalya which was organized by S+B Sport Team. Overall, we had over 100 people (players, coaches and support team) here. This required a professional organization and planning that all trainings, friendly matches and other program points could run perfect.

**HARRY GARTLER**  
**RAPID WIEN**  
**28.11.2013**

Even in the early planning stages months before the actual training camp, it was clear that the service by S+B Sport Team will be very professional. All questions have been answered, so I went with a good feeling to Antalya. This impression was confirmed during the whole week - all problems were solved well. The friendliness and nice hospitality contributed to a successful process. I recommend to everyone to make their training camp with S+B Sport Team; for me it is no question to make it again with this professional organization.
